Under what circumstances would you NOT keep the pet? New Job Move

New Baby Divorce Illness Other please explain: _____

An immediate health check is essential for the welfare of the dog and your peace of mind. This needs to be done within the first TWO-(2) working days of taking your dog home. Considering the high cost of veterinary care, are you willing and able to afford the necessary medical care and further vaccinations necessary to keep your dog healthy?

Will you keep this pet up to date on vaccinations and licensing?

Pet ownership is a serious responsibility. The whole family needs to be involved in the decision to get a dog. Our policy is to insure that each person who adopts a dog not only be aware of that responsibility, but that each person be willing and able to accept this responsibility morally, physically and financially. We have found that not every person who desires to own a French Bulldog should own one. They are unique and have some health concerns, but are wonderful in the right home.

This questionnaire was designed to aid both you and us in determining if you and your family are indeed adequately prepared to assume the type of responsible pet ownership we are endeavoring to provide for our dogs.

Please read carefully and sign:

I agree that if the information given on this questionnaire is not accurate to the best of my knowledge, I
forfeit all rights and ownership of the French Bulldog acquired from BABYFACE BANDITS.

I also agree that if at any time in the future I can no longer keep this dog, I will not give it away or sell it. I will
contact BABYFACE BANDITS for arrangements to be made for the dog's return to them.

I have read completely the above questionnaire, and understand it fully.
